

SAP S/4HANA for Central Finance Foundation— Adopt Finance Innovations without Disruption

The Non-Disruptive Route to SAP S/4HANA Finance

Your Mission

Transform your business through the benefits of SAP S/4HANA Finance innovations in a seamless and non-disruptive manner.

Your Capabilities

Advanced segment, entity, and group reporting, local and central process execution, and on-the-fly data harmonization.

Your Results

Reduced cycle times thanks to automated processes, shorter time to value, and a seamless path to finance transformation.

SAP S/4HANA for central finance foundation can accelerate the transformational innovation adoption enabled by SAP S/4HANA deployment. Get started now!

The Key to Efficiency

Accelerate your path to innovation adoption and unlock the potential of your finance solutions with the SAP HANA in-memory platform.

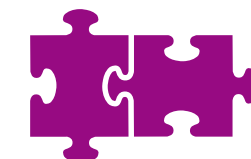

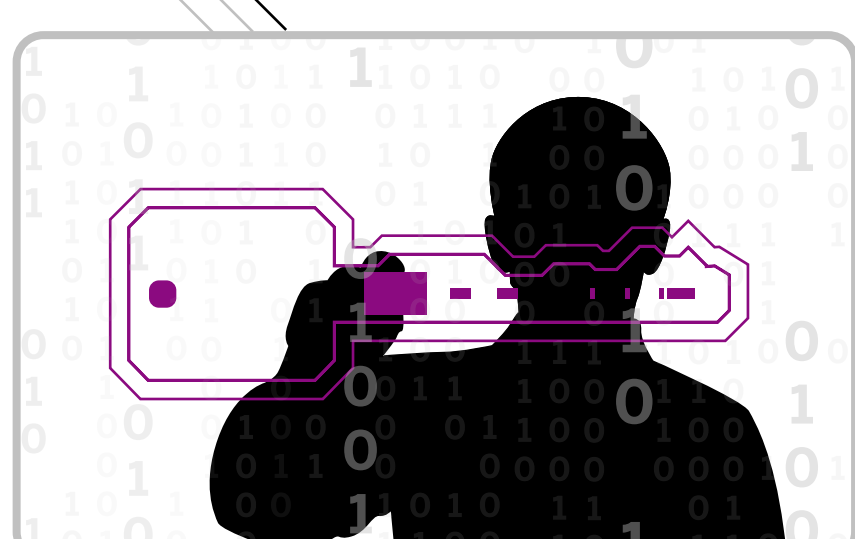

Automated

Eliminate inefficient and manual processes to improve overall cost-efficiency and service levels, and instantly recognize errors with automated exception management.

Lean

Boost productivity with standardized processes, real-time financial information, and accelerated reporting.

Disruption-Free

Adopt state-of-the-art finance innovations using an iterative approach—without needing to disrupt or discontinue existing systems.

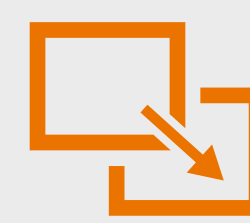

The Step to Versatility

Achieve the flexibility to perform the right actions at the right time and quickly adapt to changing circumstances.

Agile

Realize cross-entity market potential, optimize resource allocation, and ensure alignment with corporate goals.

Adaptable

Flexibly adapt strategies and processes in line with fluctuating demand to leverage the full potential of the market.

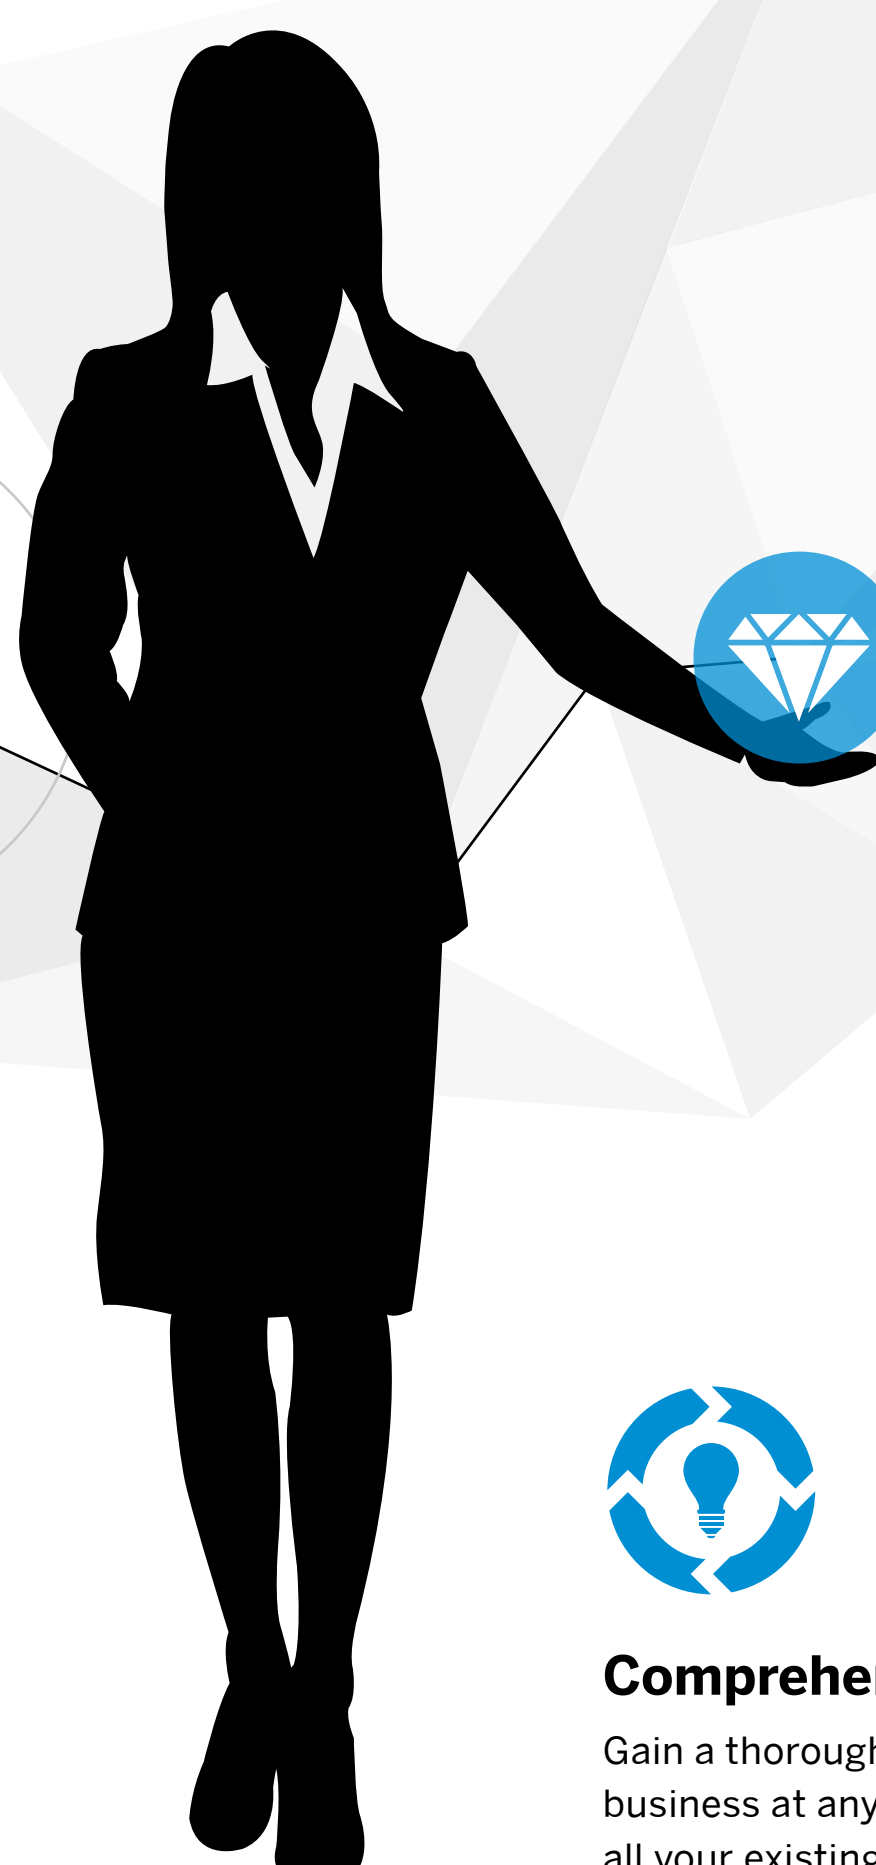

The Way to Transparency

Drive your business into the future with more informed decision-making and reliable forecasts based on accurate, consolidated data.

Forward-Thinking

Use predictive capabilities to simulate scenarios, quickly react to changing demands, and identify new opportunities and business models for the digital economy.

Clear

Obtain reliable, up-to-date information from a single source of truth and a common chart of accounts.

Comprehensive

Gain a thorough understanding of your business at any time with a live view of all your existing systems, processes, and data.

Your Seamless, Non-Disruptive Path to SAP S/4HANA Finance

Central finance provides a transformation platform for the digital enterprise—so you can instantly unlock the potential of SAP HANA and benefit from next-generation finance solutions.
